

**PRUDENCE** by Queenie Sisters Designs

Much to our chagrin, it has become apparent that “cut and paste” can be as dangerous as running with scissors. In such light, please accept our apologies – and the following corrections.

Page 3, Key: Delete “L1R” as the name of the sixth symbol and replace with “L1F.”

Page 4 after *Section B*: Replace the next two sentences with the following:

Next row (WS): K14, k2tog, k (65, 129), k2tog, k14, removing markers between pattern blocks but leaving markers for edge sts, to yield (95, 159) sts.

Work 6 rows of **Pattern #3 – Transition Band**.

Next row (RS): K31, pm, \*(k33, pm, k31, pm)\* (1, 2) times\*\*.
